Pre-existing conditions

A pre-existing condition is an illness, ailment or condition where signs or symptoms existed in the six months ending on the day you joined or upgraded to a higher level of cover; whether you or your doctor knew of them or not.

Only a medical or other health professional appointed by Defence Health is authorised to determine whether you have a pre-existing condition.

If you need treatment in the first 12 months of joining for a condition that could be pre-existing, we will ask your doctor to complete a medical report. This will help our appointed medical advisor to assess if your condition was pre-existing. You should talk to us before going into hospital.

Ambulance treatment

Comprehensive cover for ambulance services by state-appointed ambulance providers across Australia. This includes emergency services, non-emergency dispatch, mobile intensive care and air and sea ambulance services.

Transport services between hospitals, repatriation to or from a state for non-clinically necessary reasons, or services by patient transport vehicles are not claimable.

Accidental injuries

Cover for an accident is immediate for the clinical categories covered under your level of hospital cover.

Under ADF Essentials Package Basic Plus your cover is expanded to include all services required to treat bodily injuries received as a result of an accident, provided you meet the Accidental injury benefit requirements outlined and it is not claimable from another source such as workers compensation or third-party insurance.

Accidental injury benefit

ADF Essentials Basic Plus provides you with a benefit for injuries you sustain in an accident that occurred after joining this cover. An accident means an unplanned or unforeseen event leading to bodily injuries caused solely and directly by external means and requiring urgent treatment from a registered practitioner.

To be covered you must provide documented proof from your registered practitioner that you sought treatment within 72 hours of the accident. If treatment in hospital is needed as an admitted patient, you will need to be admitted within 180 days of the accident. After this 180-day period, any hospital treatment will be paid as per the level of benefits on your cover (that is, some benefits may be excluded or restricted).

What's not covered

Situations when you will not be covered include:

- ✗ Clinical treatment categories listed as excluded services
- ✗ Treatment received while serving a waiting period
- ✗ Treatment provided as an outpatient in a hospital
- ✗ Treatment for which a Medicare benefit is not payable (apart from rehabilitation, hospital psychiatric series and palliative care)
- ✗ Treatment not clinically necessary such as elective cosmetic surgery
- ✗ Treatment in doctors' rooms or specialist tests as an outpatient
- ✗ Doctors' fees in excess of the Medicare Benefits Schedule (MBS) fee, unless covered by Access Gap
- ✗ Pharmaceuticals provided on discharge or unrelated to the reason for hospitalisation
- ✗ High cost drugs that aren't covered under the Pharmaceutical Benefits Scheme (PBS) or hospital contract
- ✗ Personal items such as newspapers, toiletries or television
- ✗ Accommodation in an aged care facility
- ✗ Services claimable from another source such as workers compensation, third party insurance or DVA
- ✗ Hospital stays beyond 35 days where further care is not agreed between the hospital and Defence Health (this will incur out-of-pocket expenses)
- ✗ This cover is not suitable for overseas visitors who do not have full Medicare entitlements
- ✗ Treatment in a non-agreement private hospital will incur significant out-of-pocket expenses.

Going to hospital

Before you make any decisions about your hospital choice or procedures, check exactly what your level of cover includes and that you have served any waiting periods.

Review the included clinical categories on your policy to ensure your procedure is covered.

Always ask your doctor what they will charge and if they will participate in our Access Gap scheme to reduce or eliminate out-of-pocket costs for you.

Why does my specialist need to participate in Access Gap?

When you go to hospital, Defence Health and Medicare will cover the MBS fee for your procedure. The MBS fee is set by the Federal Government and caps the amount health funds can cover for your treatment.

Doctors can choose to charge more than the MBS fee and that's when you may incur the out-of-pocket cost or 'gap' payment.

What is Access Gap?

Access Gap is a billing scheme where Defence Health pays a higher benefit for your medical procedure to help reduce or eliminate your out-of-pocket expenses.

This results in one of two scenarios:

- ✔ No Gap: Defence Health covers the gap completely
- ✔ Known Gap: The maximum amount you will pay per doctor, per hospital episode.

How do I get Access Gap Cover?

When you're planning to go into hospital as an in-patient, ask your doctor if they'll agree to participate in Defence Health's Access Gap.

If they say no, you can search for doctors who may participate in our Access Gap scheme at defencehealth.com.au/accessgapdoctor or you can obtain another referral from your GP.

Informed financial consent

Your doctor is obliged to obtain your informed financial consent to their medical charges.

This should include:

- Each MBS item number and the fee that will be charged
- What you'll pay for each doctor involved, including your anaesthetist
- What you'll pay for your accommodation, and use of the operating theatre
- What you'll pay for any prostheses you are having
- Your signature, or the signature of your guardian.

To confirm medical out-of-pocket expenses check with Medicare or your doctor.

Agreement hospitals

We have agreements with more than 500 hospitals in Australia. By choosing to be treated in an agreement private hospital, you can significantly reduce your expenses.

If you choose a hospital that does not have an agreement with Defence Health, you may have significant out-of-pocket expenses.

Our agreement hospital listing is one of the largest in Australia. Search the list at defencehealth.com.au/hospital

Things you need to know about extras

Know your annual limits

All of the goods and services claimable under extras cover have annual per person limits.

Once the annual limit has been reached on a service, no further benefits are payable in that financial year. Most limits re-set on 1 July each year. Benefits, limits and payment conditions are assessed according to the date of service.

Benefits and limits are subject to change.

Check your available limits by logging onto your Online Member Services account, at defencehealth.com.au/members

If you've reached your limits, consider whether a higher level of cover is right for you. We're happy to help, just give us a call.

Claiming extras benefits

Many health care providers (like dentists, optometrists and physiotherapists) can swipe your member card on-the-spot through an electronic terminal. Your benefit is paid to the provider and you then settle any outstanding amount. A list of providers who offer on-the-spot claiming is available on our website, defencehealth.com.au/extrasprovider

If your provider doesn't offer on-the-spot claiming you can:

- Claim through Online Member Services (for most services) at defencehealth.com.au/members
- Claim on your smartphone through our Mobile Claiming App
- Download and complete a claim form from our website, and either:
 - email it with your receipts to claims@defencehealth.com.au
 - fax it and your receipts to 1800 241 581
 - post it and a copy of the account to us: Defence Health, PO Box 7518, Melbourne, Victoria, 3004

Please hold onto your receipts for 2 years.

Claiming conditions

The most common claiming conditions are:

- All services must be provided by an approved practitioner in private practice
- Claims must be lodged within 2 years of receiving the service
- Benefits are only payable on goods and services purchased in Australia. When purchasing eligible items online the supplier must be recognised and a registered Australian provider or company
- Benefits are not payable when they can be claimed from another source such as workers compensation, Department of Veterans' Affairs or third party insurance
- Extras benefits are not payable where Medicare has been or is available to be claimed.

We recognise all extras providers who are registered with their professional body and in the case of approved alternative therapies, those recognised by the Australian Regional Health Group. Remedial massage providers must also hold at least a Diploma of Remedial Massage to be recognised.

If you are unsure whether a practitioner is registered with us, just give us a call on 1800 335 425.

Full claiming conditions are available on our website at defencehealth.com.au/claim

Extras waiting periods

When you join Defence Health or upgrade your existing cover, you may have a waiting period before you can claim new or higher benefits. Treatment received during the waiting period cannot be claimed.

Cover for an accident is immediate, including for ambulance services.

Remember, if you transfer within 60 days from an equivalent level of cover with another health fund you won't have to re-serve the waiting periods you've already completed. If you have a break in cover greater than 60 days you will have to re-serve all waiting periods.
